

Greetings,

Thank you for contacting our office for those that have and for those that may have questions now or in the future we want to send this message to our 21st CCLC grantees.

We understand the complexity that this unprecedented event in our State presents. While the Governor's Executive Order does mandate the closure of schools, staff can continue to work on items such as planning, virtual learning, and other ways to assist the school community. We encourage you to practice social distances and stay in communication with your local health agency. We appreciate your patience while we work with the federal government regarding the administration of this program.

Should you have additional questions or concerns, please contact us at COVID19@isbe.net. Please also see the following links that may be of use to you during this time.

Thank you for the work you do each and every day in keeping our children safe, healthy, and supported inside and outside of school.

With Regards,
ISBE 21st CCLC Team
